What We Offer

We can provide everything from simple weather-proof structures to fully furnished luxury marquees.

Our marquees and pagodas come in a variety of sizes to match the needs of the event. They can be assembled with or without walls, and can be finished with furniture, flooring, lighting and staging.

We also hire out the extras that are required to complete an event, including dance floors, tablecloths, sound systems, interior decorations and more.

Additionally, we work with other trusted suppliers to help you find the right solution for catering, portable toilets and generators.

We would love to discuss your specific needs and sort out the perfect package for your event.
